

November 2014 – Shelly, In-Home Services, Has Brought Me A Long Way

Announcer: This year MERIL celebrates 20 years of providing smiles. Listen to this smile for a mile moment from MERIL. Sometimes the hardest part of getting help is admitting you need help to live independently. Shelly, a brittle diabetic, was having huge blood sugar fluctuations and hospital stays due to diabetic comas. Shelly needed help. Trying to manage it on her own just wasn't working. Her friend encouraged her to contact MERIL. Shelly, tell us about your experience utilizing MERIL's In-Home services?

Shelly: She has brought me a long way. I get up every day now instead of lying in bed all day, hurting and whining about my sickness – I don't want to deal with the diabetes; I've actually addressed it because she has pushed the issue.

The MERIL Service, I would recommend to anybody.
