

MERIL

Darren: Here's another smile for a mile moment from MERIL.....Since 2008, Christine McCoy has been a MERIL consumer...following an accident in 1996, Christine lost sight in one eye and has other physical issues. Christinewhere would you be without MERIL?

Christine: I'd probably be in a nursing home or some place I don't want to be...this way I can live on my own. I still have my livelihood. I can still plan my days out!

Darren: Tell us about your mentor, Russell.

Christine: Russell keeps me in line...ha ha he makes sure the time sheets are kept, that they are turned in right, that we are going according to Medicaid standards.

Darren: And about those regulations Russell?

Russell: The MERIL Mentors have come into the consumer's home and they train the attendant and consumer in how to properly fill out their time sheets so this has helped the consumer and attendant understand the DHSS regulations.

Darren: At MERIL there are no shortcuts to quality service and there are no shortcuts to following the rules and laws. Tax dollars are spent wisely at MERIL, so feel good when you refer a friend, relative or neighbor who could use the services of Midland Empire Resources for Independent living...MERIL.
