

Here's another smile for a mile moment from MERIL.

62 year old Patsy Moss suffered a stroke in 2009...then fell and broke her hip. In a nursing home...Patsy wanted to return to independent living...

So along with a caregiver, her niece, MERIL sent one of their In-Home RN's, Rachael and THIS, is a big deal to Patsy.

Patsy: I think it's important because you get your independence back which is very important when you're an independent person and all that is taken away from you. It's hard to get back to where you was.

BJ: Rachael, what are some of the In-Home services MERIL provides Patsy?

Rachael: Help them with their medications, take their vital signs, diabetic toenail care...we just try to help them stay out of the hospital by checking on them every week and setting up their pills for them.

Announcer: Wanna feel good? Maybe you know of a friend, relative or neighbor that could use the In-Home services of Midland Empire Resources for INDEPENDENT Living....MERIL. Call 1-800 MERIL, the number 4 and the letter U. Let's make Northwest Missouri Barrier Free!!!
