

MERIL

Here's another smile for a mile moment from MERIL. Beth Miller has lived with advanced glaucoma for the last 15 years. She had a fall in December and a detached retina even causing more of a severe disability with loss of vision.

BJ: Beth, How has MERIL helped you live independently?

Beth: They hooked me up with a CCTV so I can read my newspapers, magazines and whatever else I need to read. And got me connected with the Wolfner Library so I can listen to audio books and got me a phone- MERIL has been great!

BJ: and where would you be today without MERIL?

Beth : I would be sitting in this house feeling very sorry for myself. I would be pretty bored just sitting around not being able to listen to books and I have always been a voter so I would have worried about that. I am a very active person.

BJ: Wanna feel good? Maybe you know of a friend, relative or neighbor that could use the services of Midland Empire Resources for INDEPENDENT Living....MERIL. Call 1-800 MERIL, the number 4 and the letter U. Let's make Northwest Missouri Barrier Free!!!
