

Announcer: We've smiled a lot of miles in 2013 hearing stories of Independent Living with the help of MERIL.

Announcer: Dan, a businessman was hit with progressive MS – depressed and searching for life – Dan found MERIL

DAN: With MERIL I can be an individual and still maintain a home..... all I need is a little help.

Announcer: 62 year old Patsy suffered a stroke. In a nursing home she wanted to return to independent living. Patsy why was this so important?

Patsy: Well, I think it's important because you get your independence back.

Announcer: Tina, an inspiration to all. For 8 years now she has lived independently with the assistance of MERIL. Tina, why is MERIL so great?

TINA: I'm glad that MERIL is here because at least I get to be home.

Announcer: And what would you tell people who are thinking of using the services of MERIL?

Tina: The best choice they ever made is to be with MERIL.

Happy Holiday's from MERIL
